Soybean Yield Contest Winners Announced

Little Rock, AR (December 18, 2014) - The Arkansas Soybean Promotion Board and the Arkansas Soybean Association are pleased to announce the winners of the 2014 Grow for the Green Soybean Yield Contest. The contest divided state soybean producers into 8 groups, 7 geographic regions and 1 all state conventional (non-gmo) category. Cash prizes will be awarded to the top 3 in each division achieving a minimum of 60 bu/A at the Annual meeting of the Arkansas Soybean Association on January 27, 2014. The meeting will be held at the Grand Prairie Center in Stuttgart, AR.

We want to commend our 3 producers this year who reached the 100 bushel/acre milestone. The Race for 100 began in 2007 and in 2013, three producers reached the goal. In 2014, David Bennett from Chicot County set a new state record harvesting 112.012 bu/a with Asgrow 4632RR. Matt Miles again harvested over 100 with 100.609 bu/a after planting Pioneer 45T11R. Sherrie Kay Miles planted Pioneer 48T53R to beat out her husband with 106.499 bu/a. These are the newest members of the Arkansas 100 Bushel Club.

Congratulations to the following winners. We appreciate the participation of all the producers entered in the contest and the sharing of their production methods and secrets with the rest of Arkansas.

The Grow for the Green Yield Soybean Yield Challenge is funded by the Arkansas Soybean Promotion Board using producer checkoff funds. The contests are administered by the Arkansas Soybean Association in cooperation with the University Of Arkansas Division Of Agriculture. May thanks to the county extension staff and independent consultants who help producers achieve these yields and serve as harvest judges. Complete contest harvest information is available on the websites of the Arkansas Soybean Promotion Board and the Arkansas Soybean Association. This file contains production information on contests since 1999.
